

romain_clerc@icloud.com

+33 7 69 05 50 86

Toulon, France

Driving licence (B)

Languages

French – Native

English – C1 (advanced)

TOEIC: 985 / 990

Host-family stay in Ireland

IT Skills

Programming: Java, Python, C, BASIC

CAD: 3DEXPERIENCE

Robotics: ROS

Simulation: MATLAB / Simulink

IoT: LoRaWAN, JSON

Soft Skills

Teamwork

Communication

Problem-solving

Adaptability

Interests

- Climbing: outdoor crags, route setting at my former club
- Aviation: BIA (aeronautics certificate), trial flight, A320 simulator sessions
- Running, skiing, hiking

Romain CLERC

Robotics & Mechatronics engineering student · 21 years old

Second-year engineering student at SeaTech (robotics & mechatronics), after two years of intensive Maths & Physics classes (CPGE). Curious and hands-on, I enjoy turning theory into working systems, from IoT tools to prototypes.

Education

- **Engineering degree – Robotics & Mechatronics**
Sept. 2025 – 2028 [SeaTech Engineering School](#) La Garde, France
- **Intensive classes in Mathematics & Physics (CPGE MPSI/MP)**
2023 – July 2025 [Lycée Carnot](#) Dijon, France
Intensive 2-year programme preparing for top engineering schools
Research project (TIPE): glacier ice transport for drinking water
- **French Baccalauréat (high-school diploma)**
2020 – 2023 [Lycée Sainte-Marie](#) Lons-le-Saunier, France
Majors: Maths, Physics, English – high honours (mention Bien)

Internship & Projects

- **IoT Software Development Intern**
June 2026 – July 2026 [Watteco](#) La Seyne-sur-Mer, France
Developed a Java tool that generates JSON configuration files for the application used to set up LoRaWAN sensors.
- **1st-year engineering project – Elenga Technologies**
2025 – 2026 · SeaTech Toulon · team of 11 students
 - Rapid extinguishing of incipient fires with a single “water drop”
 - Designed the release system in CAD, with remote-controlled opening
 - Team study: drop modelling (MATLAB, ABAQUS), extinguishing liquids

Student jobs

- **Logistics Team Member**
July 2026 – Aug. 2026 [Castorama](#) La Seyne-sur-Mer, France
 - Unloading and handling incoming deliveries
 - Preparing and handing over orders at the collection desk
 - Welcoming and assisting customers at pick-up
- **Retail & Food Service Assistant**
July 2025 – Aug. 2025 [La Croissanterie](#) Brognon, France
 - Operating the till and handling payments
 - Welcoming and advising customers
 - Restocking shelves and managing inventory
 - Food preparation in the kitchen
- **Game Master**
July 2024 – April 2025 [Musée de l'Abbaye](#) Saint-Claude, France
 - Trained and supervised new Game Masters
 - Welcomed guests and hosted escape-game scenarios
 - Guided players throughout their session
